1. (Confidential - JMM) [REDACTED] and I accompanied [REDACTED] 25X1A [REDACTED] (OCI) and [REDACTED] (OSR) who briefed the Near East Subcommittee of House Foreign Affairs Committee on the Middle East situation. See Memo for Record.

2. (Confidential - JMM) During the above briefing Representative Peter Frelinghuysen passed me a note saying he had just returned from visits to India and Pakistan and would like to talk with any Agency representatives who might be interested in his observations.

3. (Unclassified - JMM) Met with Representative Lucien Nedzi and asked if he would be willing to talk to our Senior Seminar on 28 October. He said he had an out of town commitment for that evening, but might try to work out something with us for noon or early afternoon. We will be back in touch in a day or so.

4. (Confidential - JMM) [REDACTED] DIA, called 25X1A to ask my impressions of Representative Nedzi's visit and briefing at Headquarters last week. He said he would let us know of his upcoming experiences with Mr. Nedzi.

5. (Confidential - JMM) Harry Symmes, Deputy Assistant Secretary of State for Congressional Relations, called to say they had forwarded their comments on the Case bill regarding Executive agreements (S. 596) to OMB and would LDX a copy of these comments to us so that, if we agreed, we could let OMB know of our concurrence by phone.

6. (Internal Use Only - LLM) Dona Hailey, in the office of Representative Sam Steiger (R., Ariz.), called on behalf of a constituent to check on a statement by Jacques Bergier that the sources for footnote 34 in his book "Morning of the Magicians" were "friends in CIA." (The footnote relates to governmental study of the use of extrasensory perception to identify the targets of nuclear weapons.) I told Miss Hailey that we would look into the matter to see if we have anything to contribute which would help the Congressman. [REDACTED] in ORD, is reviewing the matter.
